- * 11
- * 12

With the ever changing requirements of the FDA on pigments, Compounding Solutions has updated its line of polyamide color concentrates for medical applications.

Our color concentrates are compatible with:

Compounding Solutions' polyamide color concentrates use USP Class VI or FDA 21 CFR part 73 subpart D components, which are exempt from batch certification for use in medical devices. Our color concentrates suggested let down ratio is 4% for all of your injection molding and tubing extrusion applications.

Our color concentrates can help you with:

- ◆ Quick prototyping
- ◆ Product Identification
- ◆ Safe Identification

As always, you can count on Compounding Solutions for competitive prices, short lead times and 10 pound minimum order quantities on our color concentrates!

Product Code	Color	Pantone Reference Code	Examples at 4%		
			Natural	20% BaSO4	20% Bismuth Subcarbonate
CSPEBAMB001	White	-			
CSPEBAMB013	Black	Black C			
CSPEBAMB0015	Red	7593C			
CSPEBAMB016	Blue	295C			
CSPEBAMB017	Green	363U			
CSPEBAMB018	Light Blue	2925C			
CSPEBAMB019	Turquoise	3145C			
CSPEBAMB020	Green	3285C			
CSPEBAMB021	Violet C	Violet C
